

APPLICATION INFORMATION*

Application I-001979 Dillon County Old River Road Mine

Location: The proposed mine is located in Dillon County approximately 1.4 miles north/northwest of Fork, South Carolina. Specifically the site is located 0.72 mile east of the junction of S.C. Secondary Highway S-17-22 (State Park Road) and of S.C. Secondary Highway S-17-42 (Old River Road). The site is north of Old River Road.

Mineral: Sand and sand/clay

Operation: Material will be removed using a trackhoe, front-end loader and bulldozer.

Processing: No processing on site.

Reclamation: The mine will be reclaimed as a pond and grasslands.

Maximum Depth: 30 feet

Acreage:** 10.1 acres (Permitted Area) **see map on back
Permitted Area = Affected Acres + Future Reserves + Buffer Acres

Affected Area: 10.1 acres (includes such as pit, stockpiles, haul road, sediment basins)

Affected Area is any land disturbed by mine activity (pit, roads, stockpile areas, processing plants, etc.); the amount of the reclamation bond is determined based on this acreage. *Future Reserves* are areas containing mineral deposits that have the potential to be mined in the next phase of the operation; prior to starting work in *Future Reserves*, the operator must submit the plans for that area. Typically *Buffer* areas are lands not to be disturbed beyond the pre-mine natural state and serve several purposes (screen the operation from view, setback mine activities from adjacent properties, etc.); the operator must contact the Department prior to any disturbance of the buffer areas (i.e. removal of timber).

***ALL COMMENTS SHOULD BE SUBMITTED TO THE DEPARTMENT
